6. Place of Use (continued)

B. Proposed:

IDENTIFY THE WATER BODY TO BE BENEFITED OR OTHER PLACE TO BE BENEFITED
Methow River starting at RM 65.3

7. Remarks and Other Relevant Information:

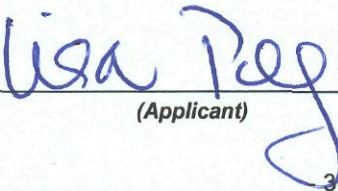

<p>Ground Water Permit No. G4-24312P is held by the Arrowleaf Homeowners Association and is located in the Methow Basin Watershed. It has a priority date of 1976 and is subject to the Family Farm Water Act. The lease between the Arrowleaf Homeowners Association and WWP-TU expressly allows donation of this right into the TWRP during the term of the lease.</p> <p>In 2000, the Trust for Public Land (TPL) purchased the water right along with approximately 1,020 acres formerly owned by R.D. Merrill Company (the "Arrowleaf property"). TPL then filed an application to add 2 points of withdrawal and to add a place of use. This application was approved and a Report of Examination issued in 2003. The change authorization (No. CG4-24312@1) allows water to be withdrawn from any of three wells on the Arrowleaf property. Water may be used for primary irrigation of 43 acres anywhere within the Arrowleaf property and for an additional 15 acres of supplemental irrigation of lands irrigated under Surface Water Certificate No. 1472 (located on the former Cassal Ranch). The approval includes extension of the development schedule to require a Proof of Appropriation to be completed by April 15, 2016. In 2008 TPL assigned the permit and change authorization to the Arrowleaf Homeowners Association (Association). Related water rights include CS4-WRC115861@2, CG4-24313(B)@1 and CG4-24314(B)@1. In 2011, the Association donated one of its other water rights into the TWRP. That donation expires December 31, 2022. (See CS4-WRC115861@3.)</p> <p>We are requesting expedited processing under WAC 173-152-050(2)(b) and (3)(a). The Methow River holds listed species of salmon that use the river for migration, rearing and spawning. Upper Columbia River Spring Chinook salmon and Upper Columbia Steelhead are listed as endangered under the Endangered Species Act. Bull Trout are also listed as threatened. The Methow River is listed by Ecology under Section 303(d) of the Clean Water Act as water quality impaired for instream flow.</p>

Certain applications may incur a Real Estate Excise Tax liability for the seller of the water rights. The Department of Revenue has requested notification of potential taxable water right related actions and therefore may be provided with a copy of this request.

Please contact the State Department of Revenue for further information. The phone number is (360) 570-3265. The address is: Department of Revenue, Real Estate Excise Tax, PO Box 47477, Olympia, WA 98504-7477.
